**Paylocity Announces Acquisition of Cloudsnap**

Integration Automation Platform Reaffirms Commitment to Delivering the Most Modern Workforce Solutions Platform

**SCHAUMBURG, IL (January 19, 2022)** – Paylocity (NASDAQ: PCTY), a leading provider of cloud-based HR and payroll software solutions, today announces the acquisition of Cloudsnap, Inc., a flexible, low-code solution for integrating disparate business applications.

Cloudsnap’s technology enables seamless integration of systems to automate manual data exchange processes, creating a modern user experience. The company’s integration automation platform facilitates development and deployment of API integrations, allowing clients to automate data flows across systems such as HR and financial applications.

Integrating HR tools with third-party systems has historically relied on manual processes or heavily customized integrations, which are difficult and time-consuming. This often means that HR teams can’t easily share data across business systems and functions, creating business inefficiencies, data errors, and compliance challenges. Cloudsnap’s technology will enable Paylocity to deliver modern integrations and seamless data sharing between critical systems more efficiently and effectively, while helping to unify and automate business processes across HR, Finance, Benefits, and other systems.

“Legacy HCM vendors have not designed their systems to support end-to-end processes and data flows across third-party systems, yet HR touches virtually every part of an organization,” said Steve Beauchamp, CEO of Paylocity. “This acquisition will accelerate the speed and flexibility with which organizations can connect data and insights from Paylocity to other mission-critical business applications, so we can continue to provide the most relevant and modern platform for our clients.”

“Data drives businesses, but organizations still struggle with multiple systems that don’t connect to each other, and integration continues to pose major challenges to business agility,” said Matt Bradley, CEO of Cloudsnap. “We’re thrilled to join Paylocity at a time when the HR function is so instrumental for a company’s success.”

Paylocity expects Cloudsnap to have an immaterial impact to third quarter and fiscal 2022 financial results and will update financial guidance in the normal course of business in its second quarter fiscal 2022 earnings release.
